tics
the symbols
(numeral)
and
(t_i) are
individuals

to true or

domains

what you

what is what

respond to the
female(1)

mind when
the domain of any variable is true or false for all clauses.
All the clauses
are true

Each clause
is the same
$g$ to be $3$ is true and
predicate symbol
interpretation: domain so that it
fully
B true
hm
on

in this case, user the models
